First Aid

REQUIREMENTS

All employers covered by the *Workplace Safety and Insurance Act* are required to have first aid equipment, facilities and trained personnel in all workplaces.

Regulation 1101, made under the *Workplace Safety and Insurance Act*, states what each employer is obligated to provide.

Some of the requirements of Regulation 1101 are explained in further detail: Guidelines for Contents of First Aid boxes (page 15), a description of the poster known as Form 82 entitled “*In Case of Injury at Work*” (page 15), and how to arrange first aid training for workers (page 20).

Regulation 1101 First Aid Requirements

1. (1) A first aid station shall contain,
 - (a) a first aid box containing the items required by this Regulation; and
 - (b) a notice board displaying,
 - (i) the Board’s poster known as Form 82
 - (ii) the valid first aid certificates of qualification of the trained workers on duty, and
 - (iii) an inspection card with spaces for recording the date of the most recent inspection of the first aid box and the signature of the person making the inspection.
- (2) A first aid station shall be in the charge of a worker who works in the immediate vicinity of the first aid station and who is qualified in first aid to the standards required by this Regulation.

- (3) First aid stations shall be so located as to be easily accessible for the prompt treatment of any worker at all times when work is in progress.
- 2.** (1) A first aid box shall contain as a minimum the first aid items required by this Regulation and all items in the box shall be maintained in good condition at all times.
- (2) The box shall be large enough so that each item is in plain view and easily accessible.
- 3.** Every employer shall at all times keep posted in other conspicuous places in the place of employment the Board's poster known as Form 82 respecting the necessity of reporting all accidents and receiving first aid treatment.
- 4.** The expense of furnishing and maintaining first aid appliances and services shall be borne by the employer.
- 5.** Every employer shall keep a record of all circumstances respecting an accident as described by the injured worker, the date and time of its occurrence, the names of witnesses, the nature and exact location of the injuries to the worker and the date, time and nature of each first aid treatment given.
- 6.** Employers shall inspect first aid boxes and their contents at not less than quarter-yearly intervals and shall mark the inspection card for each box with the date of the most recent inspection and the signature of the person making the inspection.
- 7.** The Board or its appointees may make inspections of first aid stations, appliances, services and records.

- (5) A bus operated on a route other than an urban route shall be equipped with a first aid kit containing the items required by subsection (3).
- (6) Motive power units of all railways other than units used in yard service shall be equipped with a first aid box equipped with the items required by subsection (2).

Guidelines for Contents of First Aid Boxes

All places of employment must have workers trained in first aid and first aid boxes with equipment they need to offer first aid service quickly and safely.

Sections 8, 9, 10, 11, and 16 of Regulation 1101 list the items that must be included in the first aid boxes.

In addition to the prescribed content for a first aid box, the following should be included: non-latex gloves in varying sizes and a CPR mask (barrier device). Quantities of first aid supplies maybe increased to suit the needs of a particular workplace.

Medications and or ointments should not be included in the first aid box. Equipment outside of the scope of first aiders should not be in first aid boxes.

Section 6 of the Regulation requires that the boxes and their contents be checked regularly, minimum four times a year, to ensure that everything is in good order.

Display of Poster

The poster entitled *In Case of Injury at Work* (Form 82) must be displayed at the first aid station as required by Section 1 of the Regulation.

The poster outlines the responsibilities and obligations of both employer and worker when an accident occurs on the job. Supplies of the poster, in various sizes, are available free on request from any WSIB office.

For the office nearest you, please refer to the WSIB Web site - www.wsib.on.ca.

In All Cases of Injury/Disease

The worker must:

1. Get first aid immediately.
First aid includes treating any illness or injury as taught by the first aid delivery organization.
If applicable, first aid also consists of calling Emergency Medical Services (EMS), beginning Cardio Pulmonary Resuscitation (CPR), and using an Automatic External Defibrillator (AED) if available.
2. Tell the employer of any injury or the possible onset of a work-related disease/condition.
3. Claim benefits if the injury causes him or her to seek health care.
Health care includes services requiring the professional skills of a health care practitioner (i.e., a doctor, nurse, chiropractor or physiotherapist); services provided at hospitals and health facilities and prescription drugs.

The worker should also claim benefits if the injury causes him or her to:
 - Be absent from regular work
 - Require modified duties at less than regular pay
 - Require modified work at regular pay for more than seven calendar days after the date of accident
 - Earn less than regular pay at regular work.
4. Claim WSIB benefits by:
 - Signing WSIB Form 6, *Worker's Report of Injury/Disease* and giving a copy of the form to the employer.
5. Choose a doctor or other qualified health professional. Do not change health professionals without permission from the WSIB.
6. Cooperate in health care treatment.
7. Consent to disclose their Functional Abilities information by signing the:
 - WSIB Form 6, *Worker's Report of Injury/Disease*

- *Functional Abilities Form for Planning Early and Safe Return to Work (FAF)*, or
 - REO6 - Worker's Continuity Report (REO6) (if applicable)
8. Cooperate in the work reintegration process.
 9. Complete and return all WSIB forms promptly.
 10. Report to the WSIB any material change (i.e., change in income, return to work status, or medical condition).

The employer must:

1. Make sure first aid is given immediately. First aid includes but is not limited to: cleaning minor cuts, scrapes or scratches; treating a minor burn, applying bandages and/or dressings, cold compress, cold pack, ice bag, splint, changing a bandage or a dressing after a follow-up observation visit and any follow-up for observation purposes only.
2. Make sure there is a record of the first aid treatment/advice given to the worker.
3. Provide immediate transportation to a hospital, a doctor's office, or the worker's home, if necessary.
4. Complete WSIB Form 7, *Employer's Report of Injury/Disease*, if the worker gets health care. Health care includes services requiring the professional skills of a health care practitioner (i.e., a doctor, nurse, chiropractor or physiotherapist); services provided at hospitals and health facilities and prescription drugs.

He or she must also complete WSIB Form 7, *Employer's Report of Injury/Disease* if the injury causes the worker to:

- Be absent from regular work
 - Require modified duties at less than regular pay
 - Require modified work at regular pay for more than seven calendar days after the date of accident
 - Earn less than regular pay at regular work.
5. Return the completed Form 7 to the WSIB within three calendar days of learning of their reporting obligation. If the worker is unable or unwilling to sign the Form 7, send the form in without the signature.

6. Give the worker a copy of the accident report (including any attachments to the Form 7) which is provided to the WSIB.
7. Pay full wages and benefits for the day or shift on which the injury occurred.
8. Supply a Functional Abilities Form 2647 to the health professional treating the worker. Ensure that the worker's signed consent to the release of the functional abilities information is attached. This signed consent will either be on the Form 2647 or the employer's copy of the Form 6.
9. Cooperate in the work reintegration process.

The Employers' Report of Injury/Disease (Form 7)

Form 7 must be completed and sent to the WSIB within three calendar days of the employer learning of a work-related injury or occupational disease that either causes a worker to: be absent from their regular work; require modified duties at less than regular pay; earn less than regular pay at regular work; require modified duties at regular pay for more than seven calendar days; and/or obtain health care.

The completed form has to be received by the WSIB within 7 business days after you learn of your reporting obligation.

First Aid Training for Workers

Regulation 1101 requires all employers to ensure that first aid boxes and stations are in the charge of workers who hold valid first aid certificates issued by a training agency recognized by the Board.

Employers should arrange for first aid training directly with the recognized training organization of their choice.
